

# Child Health Insurance Program Enrollment Progress Report

November 1, 2004

## Explanation of the Table

### Locality Column

This is an alphabetical listing of counties, then cities. Note that data for some localities has been combined. That is because these localities, i.e. Alleghany County/Covington/Clifton Forge, have joint local Departments of Social Services offices and report data jointly.

### Column A\*: "Total Estimated Eligible/Enrolled in Title XIX/XXI"

This is the estimate of total uninsured eligible children in Virginia adjusted for enrollment in Virginia's child health insurance programs. (Note: The estimated uninsured for 2002 includes: 1) changes in population since 2000 and 2) changes in Medicaid/FAMIS enrollment since 2000.)  
\* This figure was revised in January 2004 using more accurate poverty rates for localities.

### Column B: "Title XIX Enrollment 11/1/04"

This column reflects current MI Medicaid (Title XIX) enrollment. This data is supplied by the Department of Medical Assistance Services (DMAS). (Note: This number includes 19 & 20 year olds enrolled in Medicaid; they could not be excluded from the analysis because of data limitations.)

### Column C: "Title XXI Enrollment 11/1/04"

This column reflects current FAMIS and Medicaid Expansion (Title XXI) enrollment. This data is supplied by DMAS.

### Column D: "Total Title XIX & XXI Enrollment 11/1/04"

Total number of children enrolled in Virginia's child health insurance programs. It is calculated by adding Column B to Column C.

### Column E: "% of Estimated Eligibles Enrolled 11/1/04"

This is calculated by dividing Column D by Column A.

### Column F: "Estimated Remaining Uninsured"

This is the total number of estimated remaining eligible but uninsured children. It is calculated by subtracting Column D from Column A. (Note: In cases where the estimation methodology produced a negative estimated number of uninsured, the negative estimate was changed to zero.)

Progress Toward Enrollment of Estimated Eligible Uninsured Children In Virginia

\* New Revised Estimate

\*\* This figures represents the Total of Column A - the Total of Column D, not the sum of Column F. This is due to the fact that negative numbers of remaining uninsured were "zeroed out" and thus a sum of Column F would yield a higher estimate of remaining uninsured, but eligible children.
