

Child Health Insurance Program Enrollment Progress Report

June 1, 2004

Explanation of the Table

Locality Column

This is an alphabetical listing of counties, then cities. Note that data for some localities has been combined. That is because these localities, i.e. Alleghany County/Covington/Clifton Forge, have joint local Departments of Social Services offices and report data jointly.

Column A*: "Total Estimated Eligible/Enrolled in Title XIX/XXI"

This is the estimate of total uninsured eligible children in Virginia adjusted for enrollment in Virginia's child health insurance programs. (Note: The estimated uninsured for 2002 includes: 1) changes in population since 2000 and 2) changes in Medicaid/FAMIS enrollment since 2000.)

* This figure was revised in January 2004 using more accurate poverty rates for localities.

Column B: "Title XIX Enrollment 6/1/04"

This column reflects current MI Medicaid (Title XIX) enrollment. This data is supplied by the Department of Medical Assistance Services (DMAS). (Note: This number includes 19 & 20 year olds enrolled in Medicaid; they could not be excluded from the analysis because of data limitations.)

Column C: "Title XXI Enrollment 6/1/04"

This column reflects current FAMIS and Medicaid Expansion (Title XXI) enrollment. This data is supplied by DMAS.

Column D: "Total Title XIX & XXI Enrollment 6/1/04"

Total number of children enrolled in Virginia's child health insurance programs. It is calculated by adding Column B to Column C.

Column E: "% of Estimated Eligibles Enrolled 6/1/04"

This is calculated by dividing Column D by Column A.

Column F: "Estimated Remaining Uninsured"

This is the total number of estimated remaining eligible but uninsured children. It is calculated by subtracting Column D from Column A. (Note: In cases where the estimation methodology produced a negative estimated number of uninsured, the negative estimate was changed to zero.)

Progress Toward Enrollment of Estimated Eligible Uninsured Children In Virginia

Children's Health Insurance Programs Enrollment Progress Report

Locality Name	A*	B	C	D	E	F

* New Revised Estimate

** This figures represents the Total of Column A - the Total of Column D, not the sum of Column F. This is due to the fact that negative numbers of remaining uninsured were "zeroed out" and thus a sum of Column F would yield a higher estimate of remaining uninsured, but eligible children.
