

Child Health Insurance Program Enrollment Progress Report

August 1, 2003

Explanation of the Table

Locality Column

This is an alphabetical listing of counties, then cities. Note that data for some localities has been combined. That is because these localities, i.e. Alleghany County/Covington, have joint local Departments of Social Services offices and report data jointly.

Column A: "Total Estimated Eligible/Enrolled in Title XIX/XXI"

This is the estimate of total uninsured eligible children in Virginia adjusted for enrollment in Virginia's child health insurance programs. (Note: The estimated uninsured for 2002 includes: 1) changes in population since 2000 and 2) changes in Medicaid/FAMIS enrollment since 2000.)

Column B: "Title XIX Enrollment 8/1/03"

This column reflects current MI Medicaid (Title XIX) enrollment. This data is supplied by the Department of Medical Assistance Services (DMAS). (Note: This number includes 19 & 20 year olds enrolled in Medicaid; they could not be excluded from the analysis because of data limitations.)

Column C: "Title XXI Enrollment 8/1/03"

This column reflects current FAMIS and Medicaid Expansion (Title XXI) enrollment. This data is supplied by DMAS.

Column D: "Total Title XIX & XXI Enrollment 8/1/03"

Total number of children enrolled in Virginia's child health insurance programs. It is calculated by adding Column B to Column C.

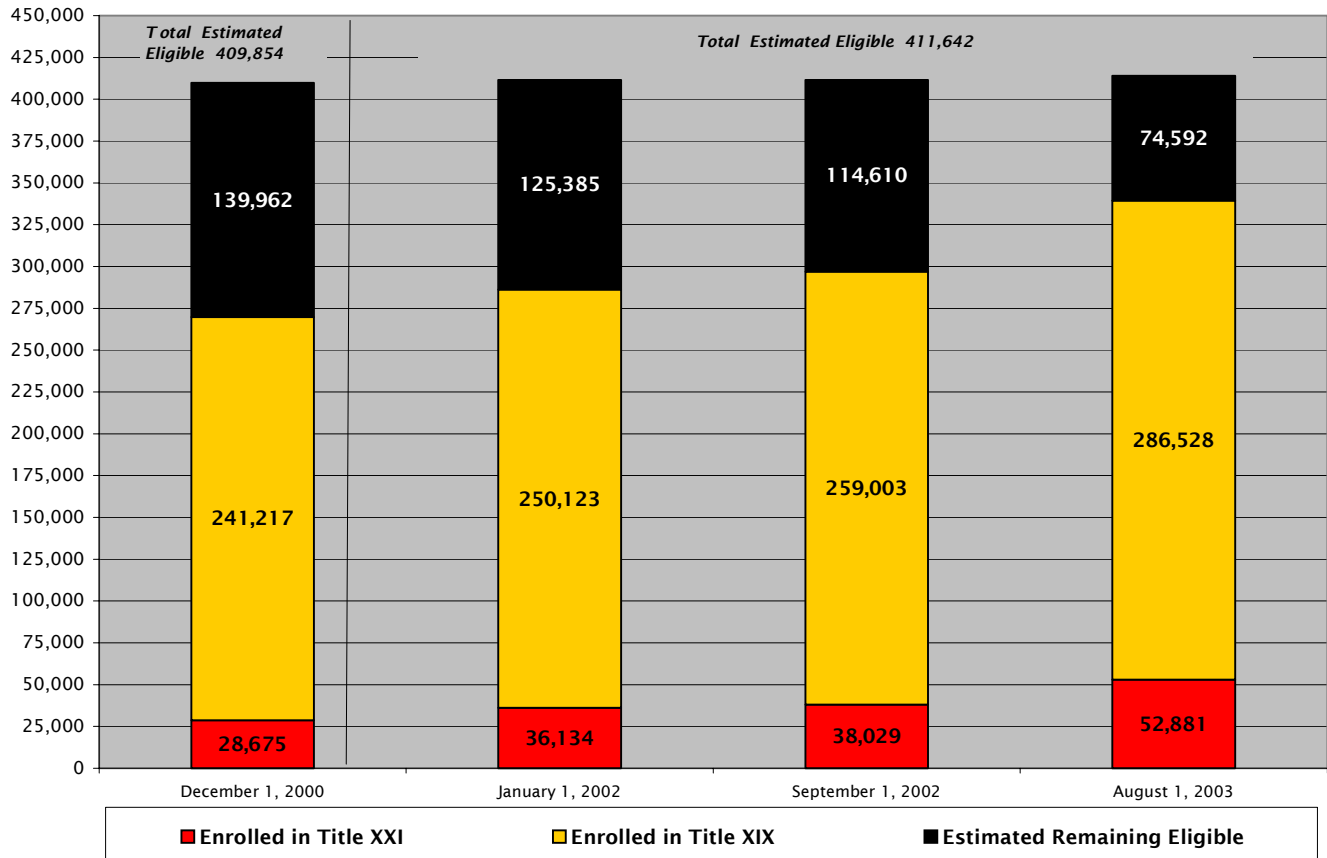

Column E: "% of Estimated Eligibles Enrolled 8/1/03"

This is calculated by dividing Column D by Column A.

Column F: "Estimated Remaining Uninsured"

This is the total number of estimated remaining eligible but uninsured children. It is calculated by subtracting Column D from Column A. (Note: In cases where the estimation methodology produced a negative estimated number of uninsured, the negative estimate was changed to zero.)

Progress Toward Enrollment of Estimated Eligible Uninsured Children In Virginia

Children's Health Insurance Programs Enrollment Progress Report

Locality Name	A	B	C	D	E	F

Note: During June 2003, the Department of Medical Assistance Services implemented a new Medicaid Management Information System (MMIS). This required an earlier than normal cut-off date in June. This may have contributed to the higher than normal net enrollment increase in June. In July, approximately 1,993 Medicaid children and 618 FAMIS children had their coverage automatically cancelled by the MMIS because they were enrolled in the wrong aid category, according to the age edits in the new MMIS. This accounts for the net decrease in Medicaid enrollment since the July 1, 2003 enrollment report. These children's coverage will be reinstated during August.
